Aren't you an investor @zenefits you don't care about security or who is compromised you care about your investment. 8% profit? Sad @aplusk

Michelle Melendrez
@garcasp thanks for the re-tweet hate that everyone is bashing adp but no one is asking how this started

Scott Garcia
@drshelyeli Unfortunately thats how our system works now of days judge first ask questions later!

@aplusk does ADP not have a right to protect its data and without a Zenefits deal are they not just stealing that data? No contract?

Michelle Melendrez
@davidamodt @aplusk @zenefits sent email to clients to add them as payroll admin users able to process payroll, bank account change, socials

Ken Kaniff
@aplusk are you a @zenefits shareholder like @JaredLeto or do you really care about small biz?

This isn't a conservative or liberal debate it's about politicians representing their personal interests and not their community. #uberNYC

@aplusk seems to be about your personal interests Cabbies are community too or do only your Uber people you invested in count?

ashton kutcher
@chewy106 an important community indeed but paying politicians to suppress competition is not servicing themselves or the community at large

@benpopper shouldn t the free market determine how many cars s too many? If there s too much traffic, uber rides go down, public transit up

Ben Popper
@furman No the free market should not be the only determinant of number of cars on road, or speed of the cars, or air pollution

andrew furman
@benpopper good points have you read the plan on heartmoveny org ? Seems much more logical than trying to target @uber nyc

Ben Popper
@furman 2) As I pointed out in the article traffic in/out/between five boroughs and from surrounding areas is actually DOWN in last decade

andrew furman
@benpopper more good points won t say you've won me over but I'm rethinking my opinion supporting @uber Thanks for the replies!

@ap usk the only reason Uber is affordable It s because they don't have to buy a meda ion which costs anywhere from 50 000 to 100,000

Indiana are you also going to allow Christian establishments to ban Jews from coming in? Or Vice Versa? Religious freedom??? #OUTRAGE

1 805 2 158

Emily @apluskr that's not how this law works. It's not a ban on places, just services. Meaning you can't be forced to bake a cake for a gay wedding

Zobraziť ostatné odpovede

Mitchell Kade @jimapenyg nger Apparently you don't comprehend the law. If I don't want you as a Christian in my business I can refuse service @aplusk
